Ref 134/3/39

39

a) 952/34 and 35 submitted herewith 5

b) I have been through the clippings
+ divided them into 4

- i) comments on Argentine's attitude
- ii) comments on the end of the Conference.

The first lot and some at least
of the second were used in the
drafting of the desp. to D.O. at 126).

Only Mr. Mallet can say if he
used, or saw, them all. I don't
think they contain any comment that
need be specially reported.

c) I suggest that S.D. releases 629, 630 and
634 might go S-O to D.O. to fill possible
gaps in their files.

Draft April 10/51
