Dear Acheson,

With reference to the questions suggested for discussion at the New Zealand Conference on Pacific Islands matters which the Dominions Office have sent to the New Zealand Government, I enclose a draft of a ~~note~~ note prepared in the Air Ministry for submission to the I.A.C.C. with a view to assisting the Committee to decide the instructions which should be given to the United Kingdom representatives in regard to civil aviation matters.

As the Committee meets next Wednesday, would you very kindly let me know by tomorrow - a ring on the telephone will do - whether you have any amendments or additions to suggest to the draft note?

Yours sincerely,

J. J. Whitham
