Your telegram No. 18, Pacific Islands. I put to  
the External Affairs Department last night the argument in <sup>paragraph</sup> /  
two of your telegram, and pressed the Government of New  
Zealand to agree immediately to the despatch of modified  
communication to the United States Government. I understand  
that an official telegram, stating that the Government of New  
Zealand concur in immediate action on the lines proposed, is  
now being sent.
