

Mr. Storer Inkley

If you read these pp. you may notice some rather confusing ref. to the "Hague decision" & the "Hamburg decision" of 1930.

The marked passage in the cutting from the "N.Y. Times" of Nov. 16, 1930 at 507/13/30 show that there were hearings at the Hague and a decision at Hamburg.

I think therefore that the wording of my draft is safe: "the decision ... of Hamburg in 1930 was based on false and misleading testimony offered at the Hague".

F.A. sh^d. see the draft before it issues.
