I had an interesting talk with Gen Watson yesterday. He still thinks that the President will run for a third term ,though he admits he doesn't KNOW.

Failing that Roosevelt's first choice now would be Mr Hull ,who would get Farley's backing .The only other possible is Mac Nutt ,but Farley hates him .Garner doesn't stand a chance of nomination .

Hull would not be a good candidate .but if Roosevelt started soon to build him up ,by giving him all the credit for foreign policy he could be made popular ,as the Admin's foreign policy is at present their most popular point.
