Dear Rowan,

G204/2/4

Your telegram No. 3881 last paragraph.

Cabinet Offices in disgorging the enclosed record of the Prime Minister's talks with President Roosevelt point out that the document has been prepared as a confidential record of the discussions as seen from our angle, and that there can, therefore, be no question of its being shown to the United States authorities.

Yours ever,

Walter Butler

British Embassy,
Washington.
