

Turkey G188/17/41

SECRET

October 24th, 1941.

Dear Fraser,

-/16
Your letter to Hoyer
Millar of October 22nd.

You probably know that there is a Turkish mission at present in Washington consisting of two Turkish officers, who are working in close collaboration with the British Supply Council. No doubt this mission has nothing to do with that which formed the subject of the previous correspondence.

Yours sincerely,

W. G. Hayter.

Ingram Fraser, Esq.,
British Security Co-ordination,

New York City.
