~~Mr. [unclear]~~ I was never to get
in Mr. Bridges on the telephone

at 4 pm gave him the P. M.'s

message about India. The

line was very bad. but I

think Bridges got the point all

right. But I was quite

unable to hear what he said in

reply - except that the Agency had

been at the meeting at which the

decision to exclude India had

been taken. Bridges with some

a telegram explains the

reasons on which this

decision was based.

I'm sorry to hear this.
